Recovery premium funding allocation this academic year	£
Pupil premium funding carried forward from previous years (enter £0 if not applicable)	£0
Total budget for this academic year  If your school is an academy in a trust that pools this funding, state the amount available to your school this academic year	£

### Part A: Pupil premium strategy plan

#### Statement of intent

Our vision is that all pupils, irrespective of their background or the challenges they face, make good progress and flourish in order that they achieve high attainment across all subject areas. The focus of our pupil premium strategy is to support disadvantaged pupils to achieve their personal learning goals, including rapid progress for those who have previously been assessed as high attaining.

We will consider the challenges faced by vulnerable pupils, such as those who have English as an additional language and/or those pupils whose families are receiving additional support through the care system. We pride ourselves in having a truly holistic approach to learning and despite being a large school, we have a detailed understanding of each individual pupil and their unique learning needs. The Pupil Premium funding is part of a larger package of support that we provide to all our pupils. We use the funding across a wide range of strategies with an ultimate aim to narrow the gap for vulnerable children. As we do not have significant gaps in attainment, between disadvantaged pupils and non-disadvantaged pupils, we look to extend learning opportunities so that these pupils are giving the tools to reach their full potential.

High-quality training opportunities for our staff team is a central element to our approach. Through effective performance management, School leaders are able to identify strengths within the team and provide targeted CPD. This, in turn leads to high quality teaching and support within the classrooms and enables us to have a well-trained Pastoral offer.

Our strategy is also integral to wider school plans for education recovery, notably in its targeted support through the National Tutoring Programme for pupils whose education has been worst affected, including non-disadvantaged pupils. We are proud to have a group of tutors taken from our own staff team.

We have a rigorous approach to identifying pupil barriers, followed up by a multi-faceted response package. This is shared with School leaders, staff teams, families, and the pupils themselves. Our school ethos is one of inclusivity and we view the extensive number of EAL pupils, from many different ethnicities and backgrounds as a truly enriching part of who we are. As a proud Church school, we endeavour to maximise the use of the funding to maximum effect for our learners.

# Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Children enter our school significantly delayed speech, language, and communication skills. Staff use the Welcomm assessment tool to screen all pupils and this provides detail information about individual pupil abilities and a comprehensive assessment that provides next steps to allow children to reach age related levels.
2	Persistent, long term pupil absence impacts on learning and social outcomes for children.
3	Elevated levels of staff absence have had an impact on School's ability to provide consistent support packages and for several weeks, high quality teaching.
4	79% of pupils are EAL and of these pupils 40% are also pupil premium. Many of these pupils enter school with little or no spoken English. At home, many families speak their first languages and many parents are not fluent in English. This effects pupil speech development and parental confidence to support their children's learning, including homework and remote learning.
5	Parental engagement can be a challenge because of significant language barriers. Currently, upwards of 34 different home languages are spoken in our pupils' homes, therefore communication and the passing on of key information can be a challenge.
6	A substantial percentage of the children enter school with limited knowledge and understanding of the world. This directly impacts on their ability to absorb new information, and they require extensive additional, explicit teaching to ensure key vocabulary and concepts are securely understood. Teachers endeavour to create real life experiences, in order that they can plug the knowledge gaps.
7	15% of pupils are on the SEND register and of those 50% are eligible for pupil premium. Within this group of pupils there are 8 with complex SEND needs that require them to access a specialised provision of this group 80% are pupil premium.

## **Intended outcomes**

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Pupils develop age expected levels of speech, language and communication skills	Assessments and observations indicate significantly improved oral language among disadvantaged pupils. This is evident when triangulated with other sources of evidence, including engagement in lessons, book scrutiny and ongoing formative assessment.
Pupils attend school on a regular basis.	Individual pupil attendance is at 96% or above. Any days off are extremely rare and only because of unavoidable illness and/or medical appointments that cannot be made at any other time.
Staff attend work on a regular basis.	Staff feel supported and well-being is central to absence management systems. In School well-being Team work to improve overall morale and provide School leaders with key information to keep staff positive.
EAL disadvantaged pupils make expected or above expected progress across all curriculum areas	Assessments and observations indicate significantly improved oral language among disadvantaged, EAL pupils. This is evident when triangulated with other sources of evidence, including engagement in lessons, book scrutiny and ongoing formative assessment.
To achieve and sustain improved wellbeing for all pupils in our school, particularly our disadvantaged pupils.	Sustained elevated levels of wellbeing from 2020- 2023 demonstrated by:  • qualitative data from student voice, student and parent surveys and teacher observations  • findings from the PASS assessments
Parental engagement is sustained, meaningful and results in positive outcomes for the children.	Parents consultations attended by 85%+ of all families; Workshops offered and attended by the majority of parents Parents are confident to offer their support & come into School on a regular basis.
Pupils to leave All Saints with an age- expected understanding of the world around them;	Pupils can communicate with confidence about the world they live in. Pupils are able to indicate where and how they would gain information to help them be successful. Pupils understand where they fit in the world they inhabit.

# Activity in this academic year – Updated July 2023

This details how we intend to spend our pupil premium (and recovery premium funding) this academic year to address the challenges listed above.

#### Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £19,100.00

Activity	Evidence that supports this approach	Challenge number(s) addressed
National professional qualifications	Teachers' continuing professional development   EEF	Retention/strategic knowledge
Subject lead qualifications	(educationendowmentfoundation.org.uk)	
Subject lead CPD	Red Kite Alliance – CPD package	

#### **Targeted academic support**

Budgeted cost: £371,158

Activity	Evidence that supports this approach	Challenge number(s) addressed
HLTA phase-leads to support pupils	EEF – small groups of between 4-6 pupils respond to short, target interventions	1,4,6
Purchase of standardised diagnostic assessments. Training for staff to ensure assessments are interpreted and administered correctly.	Standardised tests can provide reliable insights into the specific strengths and weaknesses of each pupil to help ensure they receive the correct additional support through interventions or teacher instruction:  Standardised tests   Assessing and Monitoring Pupil Progress   Education Endowment Foundation   EEF	1,4,6
Implement a DfE validated Systematic Synthetic Phonics programme [Little Wandle] to secure stronger phonics teaching for all pupils.	Phonics approaches have a strong evidence base that indicates a positive impact on the accuracy of word reading (though not necessarily comprehension), particularly for disadvantaged pupils:  Phonics   Toolkit Strand   Education Endowment Foundation   EEF	1,4
Enhancement of our maths teaching and	The DfE non-statutory guidance has been produced in conjunction with the	1,4,7

curriculum planning in line with DfE and EEF guidance. We will fund teacher release time to embed key elements of guidance in school and to access Maths Hub resources and CPD	National Centre for Excellence in the Teaching of Mathematics, drawing on evidence-based approaches:  Maths_guidance_KS_1_and_2.pdf (publishing.service.gov.uk) The EEF guidance is based on a range of the best available evidence: Improving Mathematics in Key Stages 1 and 3	
Enhancement of our Literacy teaching and curriculum planning in line with DfE and EEF guidance. We will fund teachers release time to embed key elements of guidance in school - delivered by a Bradford based Literacy Consultant	The DfE have approved of the English hub literacy programmes – evidence based from the EEF guidance reports for Literacy.  Membership of Red kite Alliance & CLT – collaborative learning & training approaches that support improved quality of teaching and moderation	1,4,7
Dedicated New to English team	The team used standardised assessments to support pupils who are New to English – EAL. Two-year offer, including daily target teaching & specialist resources to support pupil attainment.	1,4,6
Educational visits, including residentials, linked to the curriculum in order to enhance pupils' wider experiences [London, Whitby & Kingswood - residentials]	Real-life experiences are reported by the EEF to be:  At the EEF, we think enriching education have intrinsic benefits. We think all children, including those from disadvantaged backgrounds, deserve a well-rounded, culturally rich, education. Life Skills & Enrichment	1,2,4,6
Additional senior teacher for maths & English – Year 2, 3, 4	Reducing class size   EEF (educationendowmentfoundation.org.uk)	1,4,7
Additional senior teacher for maths & English – Year 5 &6	Senior teachers closing the learning gaps for underperforming pupils.	1,4,7

# Wider strategies (for example, related to attendance, behaviour, wellbeing)

Budgeted cost: £40,000.00

Activity	Evidence that supports this approach	Challenge number(s) addressed
Dedicated attendance officer (SLT) – implementing the good practice set out in the DFE guidance	The DfE guidance has been informed by engagement with schools that have significantly reduced levels of absence and persistent absence.	2
Implementation of the PASS assessment for all pupils	This standardised assessment developed by Educational Psychologists assesses pupils mental health and emotional well-being.	2,7,1
Specialised SEND staff commissioned to support target pupils	The research suggests a group of teaching strategies that teachers should consider emphasising for pupils with SEND. Teachers should develop a repertoire of these strategies they can use flexibly in response to the needs of all pupils. flexible grouping; — cognitive and metacognitive strategies; — explicit instruction; — using technology to support pupils with SEND; and — scaffolding.	3,7
Investment in the 'SAM' and Staff Safe staff management software	Monitoring and supporting Staff with absence issues. System shown to help reduce absenteeism & manage staff effectively	3

Total budgeted cost: £433,158

# Part B: Review of outcomes in the previous academic year

#### **Pupil premium strategy outcomes**

This details the impact that our pupil premium activity had on pupils in the 2022 to 2023 academic year.

Throughout the academic year School have support pupils with significant speech and language delay. We have employed a well-trained associate staff member to work alongside a commissioned Speech Therapist, to support individual SALT programmes. The impact of this work is that individual pupils access bespoke intervention programmes that meet their needs and they are then better able to access mainstream learning. Support staff have also benefited from target CPD to enable them to further facilitate pupils' progress.

School has made the decision to employ an Attendance Lead who has worked diligently on pupil absence and persistent absence. As a result, we have seen a steady improvement in attendance. This intensive strategy will continue into next year as we aim to get to the National Average.

School	0	verall Attenda	ance	Persistent Absence		
	2021/22 Sept 2022		National to	2021/22	Sept 2022	National
	full year to July		June	full year	to July	to June
		2023	2023*		2023	2023*
All Saints CE Primary School	89.85	90.82 🔨	94.1 🔨	34.78	30.88 🔨	17.1 ↓

We have had additional staff across Year 6 and the phases. The tutoring program, additional phase support and additional teacher have led to improved outcomes. Of particular note are in year 2 pupil premium children have outperformed non pupil premium. We feel that the boost they received in the Autumn term, through tutoring played a part in this positive outcome.

			Reading		Writing		Mathematics	
			Attainment	Progress	Attainment	Progress	Attainment	Progress
PP	39	37	67%	92%	54%	89%	67%	92%
NON PP	46	42	60%	90%	43%	90%	63%	98%

In Year 1 the phonics results have risen by 29% (44% to 73%), consistent implementation of the Little Wandle programme coupled with quality first teaching and interventions has also enable the Year 2's to achieve an 87% outcome. These outcomes

are excellent when you also consider School has welcomed quite a number of in-year transfers that include pupils who are New to English.

Parental engagement is an improving picture. Our Parent Involvement Worker has worked diligently throughout the year to engage with many families. The offer includes weekly coffee mornings, sewing/hairdressing/beauty/English classes, playgroup, breakfast with books & holiday family days out.

School have provided some extensive enrichment opportunities, across all phases. We supplement all trips and offer individual support to pupil premium pupils. Trips include, 3 residential (Whitby – Year 4, London – Year 5 & Kingswood – Year 6), Filey – Year 2, Chester Zoo – Year 1, Swithens Farm – Reception & local park – Nursery. Pupils benefit from many other speakers, trips & educational visits to complement children's educational experience.

SEND is a raising focus for All Saints. This year we have invested in external specialist support. This will further increase next academic year where we are looking to develop a specialist hub.

#### **Externally provided programmes**

Please include the names of any non-DfE programmes that you purchased in the previous academic year. This will help the Department for Education identify which ones are popular in England

Programme	Provider
Times table rockstars	TT Rock Stars
Accelerator reading programme – years 1 - 6	Accelerated Reader
Little Wandle - letters and sounds phonics intervention programme	Letters and Sounds
Geography & DT	KAPOW
Music support program	Sing - Up
News & PSHCE	Picture News
PSHCE	SCARF
