

Overview of myHappymind:

We are proud to be a part of the myHappymind Family!

As a whole school programme grounded in science and dedicated to building positive mental wellbeing, myHappymind helps children understand how their brains work and creates a culture that helps to build children's resilience, confidence, and self-esteem. myHappymind also teaches the children how to self-regulate and manage their emotions in stressful times, allowing them to be their very best selves!

Website: <https://myhappymind.org/>

myHappymind modules within school:

Meet Your Brain: Understanding how your brain works and how to ensure we look after it so that we can manage our emotions and be at our best. Growth mindset is a key part of this too.

Celebrate: Understanding your unique Character Strengths and learning to celebrate them. This is a fantastic module for building self-esteem.

Appreciate: Understanding why gratitude matters and how you can develop gratitude as a habit. Gratitude is key to well-being and resilience and we're all about making it a lifelong strategy!

Relate: Understanding why positive relationships matter and how to build them. We're focussed on the building blocks of good relationships and friendships.

Engage: Understanding how to set meaningful goals that matter and how to stay resilient in times of challenge. This module is all about building self-esteem and resilience too.

How can you support your child at home?

Download the myhappymind app free from the Apple Store/ Play Store to get involved in mini games, listen to podcasts and find support to help you and your child manage their deeper emotions.

The app requires a **unique code** which can be found on ClassDojo, in your child's planner or on posters outside your child's classroom.
